AVSCORP.COM.PH/LDSYSTEMS

DESIGNED & ENGINEERED IN GERMANY

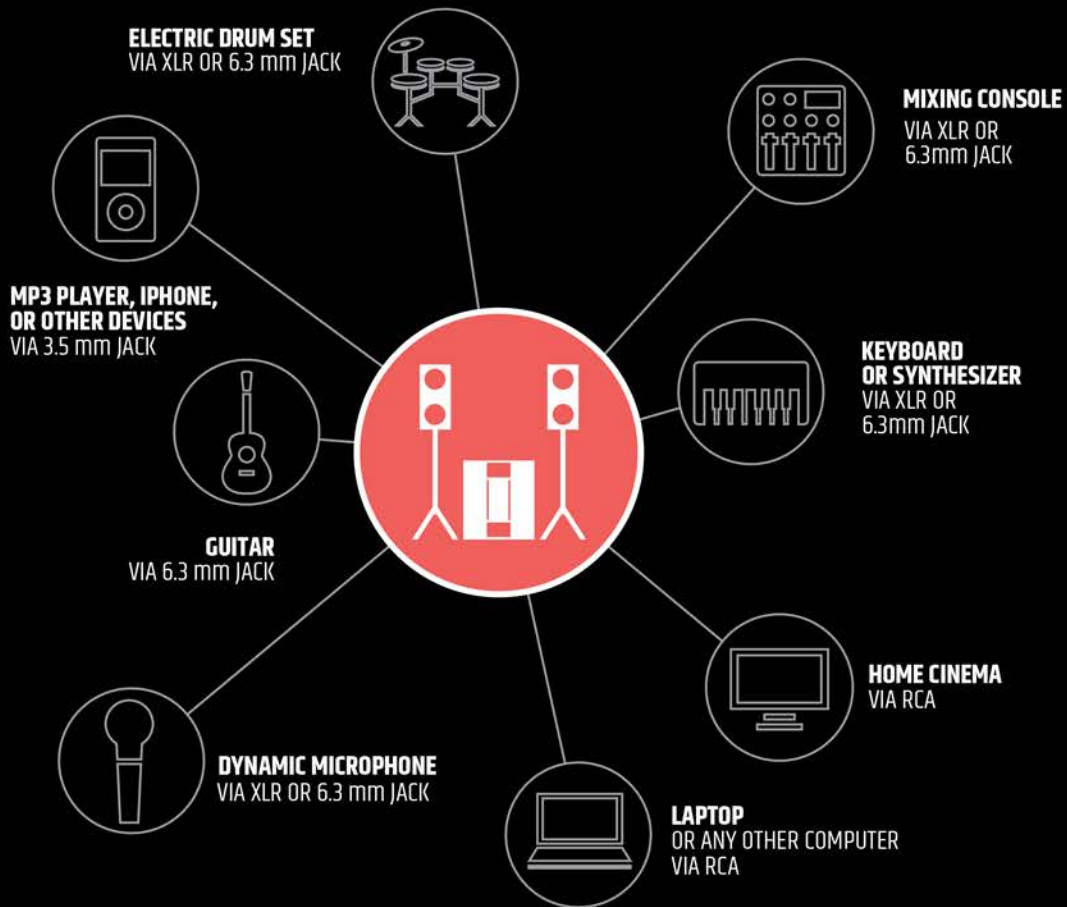

Why LD Systems is the right choice for you

PERFORMANCE

LD Systems Speakers give you the power to handle all kinds of situations - at home, on stage, virtually anywhere

CONNECTIVITY

Multiple channel mixers allow simultaneous connection of all your devices.

RELIABILITY Designed & engineered in Germany, 1-Year Warranty for all speakers.

MIX 6 PORTABLE PA SYSTEM

Active/Passive 2-Way Loudspeakers with Integrated Mixer

Freedom at Home

Whether you're watching a movie or singing karaoke with family and friends, this speaker system delivers pure enjoyment thanks to its great sound quality.

It accommodates a wide variety of input sources including home cinema, electronic musical instruments, smartphones, tablets, audio device and gaming consoles.

- 2-Way Loudspeaker (Active)
- 2-Way Slave Loudspeaker (Passive)
- Integrated 4-Channel Mixer with DSP effects
- Class D Amplifier
- FREE Accessories included: transport bag, speaker cable, Bluetooth receiver DAC Adapter and optical cable

ALL-IN-ONE SOLUTION

The integrated mixer provides stereo line and microphone channels with high and low EQ, switchable hi-Z input and phantom power plus 24-bit digital effects. It allows for connecting a wide variety of sources including MP3 and CD players, iPods, instruments and condenser mics. The output section includes a 3-band master EQ for overall tone shaping and feedback control, 4-segment LED metering, recording outputs and an adjustable monitor out.

ICOA FULL-RANGE LOUDSPEAKER

Powered Coaxial PA Loudspeaker with Bluetooth

Freedom to Perform

Let your audience experience your sound, your way. This horn-loaded woofer covers the complete bandwidth of sound with rich, deep bass - loud sound without losing quality.

It's an ideal choice for musicians, bands, entertainers, dance schools, virtual conferences and performances. DJs can freely play their sets without the need of a subwoofer.

- Coaxial Configuration - easily rotate 90°
- BEM-Optimised CD horn
- Bluetooth® Streaming (BT model)
- Choice of 12" or 15" speakers

CURV 500 ES PLUS

First Hybrid Array Speaker System with 4-Channel Mixer, DFX & Bluetooth

Absolute Freedom

Experience sound on a whole new level of freedom with the first Hybrid Array System that delivers superb audio whether you're relaxing at home or performing on stage.

- Powder coated Die-cast aluminum construction
- 3 x 1" tweeter & 4" mid-range speakers per array
- 4 removable array satellites powered via SmartLink adapter
- Sturdy steel distance bar & SpeakON Cable
- Integrated Class D amplifier
- 10" bass reflex subwoofer

 Bluetooth	 HYBRID TECHNOLOGY	 4-CHANNEL MIXER	 SMARTLINK SYSTEM
 400 PEOPLE CAPACITY	 FULLRANGE	 WAVEAHEAD TECHNOLOGY	 1840W TOTAL PEAK POWER

THE ARRAY WITHIN THE ARRAY

The CURV 500 array satellites incorporate LD Systems' exclusive WaveAhead® technology which puts a vertical array of 3 tweeters in front of a high-powered full-range driver. This arrangement results in highly detailed, transparent audio and delivers your performance with superior clarity and precision.

DAVE 8 ROADIE

2.1 Stereo Speaker System with 3-Channel Mixer

Corporate Freedom

Make any presentation impressive with this all-around, high-quality speaker system that's complete with full-range drivers and an 8-inch bandpass subwoofer.

It's ideal for home entertainment use or office multimedia presentations like corporate performances and conferences.

- 2x4" full-range speakers + 1" silk dome tweeter
- Heavy-duty speakON® connections for satellites
- Integrated limiter protects the speaker from overload
- MDF Housing for subwoofer and satellites
- 8" Bandpass subwoofer

EXTREMELY COMPACT SELF-POWERED 2.1 SYSTEMS

The DAVE 8® Roadie was designed as a flexible and portable mini PA system especially for musicians. This complete PA system with its powerful 1400-watt (Peak) power amp delivers astounding performance for mobile applications. It is equipped with a high-performance 8" band-pass subwoofer and two satellite speakers (2 x 4" + 1").
